Family fun planner

Relive the magic of storytelling by taking your family on a road trip to remember, thanks to the power of imagination. Here are 10 easy ideas to get you started brought to you by Subaru.

1

NEXT CHAPTER

Using classic opening sentences like 'Once upon a time,' one family member starts telling a story, then everyone takes turns adding a sentence to keep it going. So many plot twists!

2

DIGGING IT

Rustle up a DIY archaeological dig at your nearest park or beach to see what you can find. There are so many hidden treasures nesting in nature's rubble, you never know what you'll unearth!

3

STAGE PRESENCE

An interpretive dance, an impromptu speech, a funny play – kids simply love to suspend reality and perform. Take them to a new location and challenge them to include it in their performance.

4

GOING ON A BEAR HUNT

Is that an everyday park – or is it an enchanted forest filled with fairy houses? Is that a dinosaur footprint hiding under some leaves? Go looking for hidden worlds in nature.

5

THE BIG 10

Find 10 items in the park and work together to create a story that involves all of them. They can be any items – the challenge here is the imagination required to link them all!

6

STORY TIME

Get your kids' creative juices flowing by challenging them to write a short story, poem or comic about the park you've driven to. It can be fact or fiction, but encourage them to include a beginning, a middle and an end.

7

SEQUEL TIME

Ask your kids for their favourite movie, and then ask them to imagine the sequel. Is there a character they'd like to see more of? Encourage them to conjure up new costume and setting ideas.

8

PURE PUPPETRY

Fossick around and find a few items to turn into a puppet show. Feathers, branches, flowers... with a little imagination almost anything can take on a character of its own.

9

GUESSING GAME

Ask your family members to describe a movie story line without mentioning names or titles and see who can guess the right movie first. For example, a fish goes missing and his dad goes on a big adventure to find him.

10

BACK TO THE DRAWING BOARD

Capture the great outdoors in one of the most creative ways possible – commission the whole family to sketch or paint one of their favourite details or scenes from that day's adventures.

DO IT IN THE SPIRIT OF SUBARU! Your next family memory is only a car ride away, thanks to the crowd favourite Subaru Outback. It's the biggest SUV in the Subaru line-up, available as either a 2.5 or 3.6 litre engine. All Wheel Drive, ground clearance, a Boxer engine and X-Mode covers all SUV bases, while the interior space means your family will be safe and comfortable no matter where the open road may take you.
